

Hello and welcome to Paintball Skirmish.

I'd like to take this opportunity to thank you for choosing us as your paintball destination.

We were the first company to introduce Paintball to Perth in 1992 and now run WA's most popular field North of the river (Swan Valley).

Whether you're just one player or a group we can cater to your needs and have created this information pack to help you organise a game with us.

You're here to have a great day out with your friends. Here's what we will do to make this happen:

- On weekends at the Swan Valley we offer a COMPLIMENTARY lunch
- Organise 20 or more players and you can have your own private session with your own referees.
- all players receive complimentary team photos emailed to you.
- novelty playing fields include:

- Capture the double-decker bus,
- Storm the Castle
- Defend the village,
- Woodland sniper,
- Speedball,
- Sniper drum

Organising your.... day at paintball

Pick a date for your game

Decide on a date for your game and call the Paintball Skirmish booking office on 9248 1693 to find out the availability. This call will only tell you if the date is still available. It will not confirm an opening. Most dates are booked weeks or months in advance and fill up quickly as the date approaches.

Contacting your players

Talk with the members of your group to secure their commitment to the date. You should also discuss the details of paintball purchases on the day.

Reservations

There is a Game fee of \$20 per player, payable in advance. This fee guarantees the availability of a paintball marker, safety equipment, camouflage coveralls and 10 different paintball scenarios each lasting up to 10 minutes..

Private sessions

If you can get together a group of 20 or more you can have your own private session. This will mean that you are playing and shooting against people you know. For groups less than 20 we will join you up with an existing group of similar skill level .

Don't be late

Late arrivals will delay your start time and reduce the amount of game time for the group.

Age requirements

Players must be 12 years or over to play Paintball. Ages 12 to 15 will need a parent or guardian 18 years+ to accompany them, ages 16 and over can play unattended.

Organising your.... day at paintball

Collecting Money.

COLLECT THE DEPOSIT IN ADVANCE FROM ALL PLAYERS. The biggest problem encountered by group organizers is collecting money from the players. When told about a paintball outing most people are excited and will commit to play however without their money there is no true commitment. We have seen over the years a number of organizers who have put up the deposit out of their own pocket only to have half of those who said they would come show up. No-shows forfeit their deposit therefore if the organizer has paid out of his pocket he will be out those deposits. As the organizer you should make sure that your players understand that the Booking Fee is non-refundable.

Game Reservation and Deposit

Your game date can only be guaranteed with a paid reservation Booking Fee. This fee is non-refundable. Call Paintball Skirmish on 9248 1693 Enclosed with this guide is a Paintball Skirmish Booking Form.

If you are paying in cash you must come to our office to pay. If you are paying by cheque you may send it by mail. We recommend that you get the deposit in at least two weeks in advance to guarantee the date and equipment. we accept all major credit cards and in store Eftpos. Direct deposit (EFT) is also available. Reservation fees are non-refundable.

Player Information and Directions

Please ensure that all members in your party have been distributed directions to our playing fields, details of what to bring and are aware of the start time.

FAQs

What Do I Wear For A Paintball Game?

We suggest you wear loose fitting clothing such as jeans and a tee shirt as well as outdoor shoes with good ankle support. Full camouflage overalls are provided. We recommend the use of scarves and gloves. Complimentary chest plates are provided for female players.

You might want to consider bringing a change of clothing if you have plans afterward. Although the paint does not stain clothing and is washable, our playing fields are outdoors and you will probably get dirty.

Can I Bring My own Equipment?

Yes. Safety goggles must be specifically made for paintball and be free of cracks in the lenses. A full-face mask and ear protection is required. All CO2/High Pressure bottles must be in test date. High-pressure fibre wrap tanks may not have any cracks or fraying. Silencers, smoke grenades, paint grenades, paint mines and multiple paintball launchers are not allowed. Maximum velocity is 300 feet per second.

Can I Bring My Own Paintballs?

No. Paintball Skirmish uses a specially made paintball of its own colour. Any players using non-field paint will be ejected from play.

Is Food Available?

Yes. Paintball Skirmish has an abundant supply of ice cold drinks including soft drinks (Coke etc) water and sports drinks. Included in package deals at our Swan Valley playing fields we offer a complimentary lunch at the end of the sessions on weekends. Alcohol is not allowed.

How Much Money Should I Bring?

Your initial reservation fee covers the basics...admission, rental equipment, safety and rules instructions, and all day play. Paintballs are sold separately. We accept all major credit cards and Eftpos to make it easy.

How much paint will I shoot?

This will depend on what type of game you play. Some players pick and choose their targets whilst others shoot at anything that moves and even things that don't. The average player will shoot approximately 500 paint pellets in a 4 hour session. This average is what we have seen over the years. Some players will shoot less, some will shoot more.

Players List

This Form is to help keep track of players and their deposits.
